Federal Select Agent Program

SA-Grams

Date of issuance: 5/16/16

Title: Social Security Numbers

Text: The Federal Select Agent Program (FSAP) has a policy to not accept into or retain social security numbers in its systems of records. Therefore, documents submitted to the FSAP should not contain social security numbers. Because the inclusion of a social security number on a document could delay the processing of that document, we are requesting your assistance in ensuring that any document you submit to the FSAP not contain social security numbers.

If you have any questions regarding this email, please contact your File Manager with the Federal Select Agent Program for APHIS/AgSAS entities, 301-851-3300 option 3 (voice only) and for CDC/DSAT entities, 404-718-2000.
