## I. GENERAL INFORMATION

**A. Background:** The Centers for Medicare & Medicaid Services (CMS) periodically updates the lists of Healthcare Common Procedure Coding System (HCPCS) codes that are **excluded** from the CB provision of the SNF Prospective Payment System (PPS). Services **excluded** from SNF PPS and CB may be paid to providers, other than SNFs, for beneficiaries, even when in a SNF stay. Services not appearing on the **exclusion** lists submitted on claims to Medicare Administrative Contractors (MACs), including Durable Medical Equipment MACs (DME MACs), will not be paid by Medicare to any providers other than a SNF. For non-therapy services, SNF CB applies only when the services are furnished to a SNF resident during a covered Part A stay; however, SNF CB applies to physical and occupational therapies and speech-language pathology services whenever they are furnished to a SNF resident, regardless of whether Part A covers the stay. In order to assure proper payment in all settings, Medicare systems must edit for services provided to SNF beneficiaries both included and excluded from SNF CB.

The updated lists for institutional and professional billing are available at:

<https://www.cms.gov/medicare/coding-billing/skilled-nursing-facility-snf-consolidated-billing>
