|                                  | <b>Change Request 13412</b>                               |

**Transmittal 12365 issued November 16, 2023, is being rescinded and replaced by Transmittal 12536, dated March 7, 2024, to revise the Background and Policy sections and to revise Business Requirements (BRs) 13412.3, 13412.6.1, 13412.6.2.1, 13412.8.1, 13412.10, 13412.13, 13412.14, 13412.15, 13412.15.1, 13412.15.2, 13412.15.3, 13412.22, 13412.28, 13412.29 and 13412.30. This correction also adds BRs 13412.3.1, 13412.3.2, 13412.30.1, and 13412.32 through 13412.40 and deletes 13412.25. and changes the numbering of the provider education BR to 13412.41. Appendix E was created as the GAF file layout. Lastly, Appendix A, Appendix B, Appendix C, and Appendix D were updated. All other information remains the same.**

**SUBJECT: Guiding an Improved Dementia Experience (GUIDE) Model Implementation**

**I. SUMMARY OF CHANGES:** The purpose of this Change Request (CR) is to implement the GUIDE Model, a demonstration testing alternative payment models and support for people with dementia and their caregivers.

**EFFECTIVE DATE: April 1, 2024 - Analysis, Design and Coding; July 1, 2024 - Testing and Implementation**

*\*Unless otherwise specified, the effective date is the date of service.*

**IMPLEMENTATION DATE: April 1, 2024 - Analysis, Design and Coding; July 1, 2024 - Completion of Coding, Testing and Implementation**

**III. FUNDING:**

**For Medicare Administrative Contractors (MACs):**

The Medicare Administrative Contractor is hereby advised that this constitutes technical direction as defined in your contract. CMS does not construe this as a change to the MAC Statement of Work. The contractor is not obligated to incur costs in excess of the amounts allotted in your contract unless and until specifically authorized by the Contracting Officer. If the contractor considers anything provided, as described above, to be outside the current scope of work, the contractor shall withhold performance on the part(s) in question and

immediately notify the Contracting Officer, in writing or by e-mail, and request formal directions regarding continued performance requirements.

## **I. GENERAL INFORMATION**

**A. Background:** Section 1115A of the Social Security Act (the Act) establishes the Center for Medicare and Medicaid Innovation (the Innovation Center) for the purpose of testing innovative payment and service delivery models to reduce Medicare and Medicaid expenditures while preserving or enhancing the quality of care furnished to beneficiaries of such programs. Executive Order 14095 of April 18, 2023, on Increasing Access to High-Quality Care and Supporting Caregivers, directed the Secretary of Health and Human Services to “consider whether to select for testing by the Innovation Center an innovative new health care payment and service delivery model focused on dementia care that would include family caregiver supports such as respite care.”

Consistent with its statutory mandate and the Executive Order on supporting caregivers, the Innovation Center is seeking to test an alternative payment model for Medicare Fee-for-Service (FFS) beneficiaries with dementia. Through the model, CMS aims to promote a broad package of care management and coordination, caregiver education and support, and respite services. The model is designed to reduce Medicare and Medicaid expenditures primarily by reducing long-term nursing home care, and secondarily by reducing hospital, emergency department, and post-acute care utilization. The model is designed to enhance quality of care by improving quality of life for people with dementia and reducing burden and strain on their caregivers. We expect that reducing caregiver burden will also enhance quality of life for the beneficiaries to whom they are providing care.

GUIDE will be an 8-year voluntary national model that may be offered in all states, U.S. territories, and the District of Columbia. Eligible providers and suppliers will apply for participation in GUIDE. Target participation is 600 model participants, each with an expected average of 200 voluntarily aligned Medicare FFS beneficiaries, including beneficiaries dually eligible for Medicare and Medicaid. New participants and providers may be added and removed throughout the model and CMS will provide updated files of participants and providers as well as attributed beneficiaries monthly.

The model will pay participants a Per Beneficiary Per Month (PBPM) amount, known as a Dementia Care Management Payment (DCMP), for providing care management and coordination and caregiver education and support services to beneficiaries and caregivers. DCMP rates will be adjusted by a Health Equity Adjustment (HEA) and a Performance Based Adjustment (PBA) to incentivize high-quality care. The HEA and PBA adjustments will not begin until the second Performance Year (PY2).

GUIDE will also pay for a defined amount of respite services for a subset of model beneficiaries. Model participants will use a set of new G-codes created for the GUIDE model to submit claims for the monthly DCMP and the respite codes. Each model tier will have a different DCMP rate to reflect the fact that covered services and care intensity will vary across the tiers. Rates for the model tiers are based on whether the beneficiary is part of a patient-caregiver dyad; the severity/complexity of the dementia; and whether the beneficiary is within its first 6-months of participating in the model, or if the beneficiary has been in the model for more than a 6-month span.

Participants will bill respite services on an ad hoc basis, for certain eligible beneficiaries in the model paid up to an annual cap of \$2,500 per beneficiary per year. The allowed amount will be zero but the provider should have a billed amount. Outside of the claims system, the Innovation Payment Contractor (IPC) will handle the payment of these non-claims-based payments. In addition to claims-based payments, participating providers may receive one upfront infrastructure payment. This infrastructure payment and tracking of the respite cap shall be processed separately from the claims system and are not addressed in this CR.

**B. Policy:** GUIDE participants will be required to bill all GUIDE-specific G-codes, including both the DCMP and respite care G-codes, on a standalone claim with no other Healthcare Common Procedure Coding System (HCPCS) codes. To account for geographic variation in costs, the DCMP and respite base rates will be adjusted by the Medicare Geographic Adjustment Factor (GAF) for each DCMP and respite claim submitted by a GUIDE Participant. All DCMP claims must include a diagnosis code listed in Appendix D. The GUIDE demonstration code (A6) should only be added to a claim that has GUIDE-specific G-codes. If a claim comes in with a GUIDE code and other codes, this claim should be unprocessable and sent back to the participant for resubmission. The GUIDE demonstration code will not be placed on non-GUIDE specific claims in any position. GUIDE participants shall continue to bill HCPCS codes for all other services on other claims as they normally do under the traditional Medicare program. Normal FFS detail lines, in addition to, any other demo codes and demonstration detail lines should never be on a GUIDE Model claim. GUIDE Model claims are standalone claims. Only detail lines with HCPCS from Appendix A and B should be on GUIDE Model claims. Appendix E is the file layout for the Geographic Adjustment Factor (GAF) that will be made to the DCMP and respite code. The DCMP and respite payments are adjusted for geographic area wage differences using the geographic adjustment factor (GAF). GAFs are a weighted composite of each Physician Fee Schedule (PFS) localities work, practice expense (PE) and malpractice (MP) expense geographic practice cost indices (GPCIs). Any updates to Appendices A, B, C, and D will be provided through a CR.

The beneficiary attribution process will be conducted outside of the claims system although a list of beneficiaries attributed to the model shall be provided to contractors for the purposes of claims adjudication every month. Beneficiary coinsurance and deductible are waived for the GUIDE Model. Occasionally, claims are incorrectly processed in models, and GUIDE participating providers and beneficiaries may retroactively be added or removed. In this case, there will be a retroactive effective date. Systems should go back and reprocess the claim, adding or removing payments as necessary based on the track.

The GUIDE payments will not include non-physician practitioner's payment reduction. Except as otherwise specified, GUIDE claims shall be subject to all other adjustments (e.g. sequestration) and policies applicable to other fee for service claims. For the GUIDE DCMP code to be eligible, shared systems should check the beneficiary attribution and provider alignment files for eligibility.

Criteria for DCMP claims:

- Claim is for a beneficiary included in the GUIDE beneficiary alignment file, identified by Health Insurance Claim Number (HICN) or Medicare Beneficiary Identifier (MBI)
- Claim is an appropriate Date of Service (DOS) for beneficiary attribution dates
- The participant only billed for the DCMP once per calendar month for that beneficiary
- Tax Identification Number (TIN) and National Provider Identifier (NPI) are both included in provider alignment file
- The claim includes a diagnosis code provided in Appendix D

Criteria for respite claims:

- Claim is for a beneficiary included in the GUIDE beneficiary alignment file, identified by HICN or MBI and eligible for respite
- TIN and NPI are both included in provider alignment file
- The claim includes a diagnosis code provided in Appendix D
- Only beneficiaries in certain model tiers will be eligible for respite services

**II. BUSINESS REQUIREMENTS TABLE**

"Shall" denotes a mandatory requirement, and "should" denotes an optional requirement.

| Number    | Requirement  | Responsibility |   |             |                            |                                  |             |             |             |       |          |
|-----------|--|----------------|---|-------------|----------------------------|----------------------------------|-------------|-------------|-------------|-------|----------|

## V. CONTACTS

**Pre-Implementation Contact(s):** Charlotte Kaye, 9178176965 or charlotte.kaye1@cms.hhs.gov , Sage Hart, sage.hart@cms.hhs.gov , Justine Kinney, (667) 414-04 or justine.kinney@cms.hhs.gov

**Post-Implementation Contact(s):** Contact your Contracting Officer's Representative (COR).

## VI. FUNDING

### **Section A: For Medicare Administrative Contractors (MACs):**

The Medicare Administrative Contractor is hereby advised that this constitutes technical direction as defined in your contract. CMS does not construe this as a change to the MAC Statement of Work. The contractor is not obligated to incur costs in excess of the amounts allotted in your contract unless and until specifically authorized by the Contracting Officer. If the contractor considers anything provided, as described above, to be outside the current scope of work, the contractor shall withhold performance on the part(s) in question and immediately notify the Contracting Officer, in writing or by e-mail, and request formal directions regarding continued performance requirements.

## Appendix A GUIDE Dementia Care Model Payment (DCMP) G-Code Descriptions

| G-Code | G-Code Description   | Model Tier     | Eligible for Respite Care |
|--------|--|----------------|---------------------------|
| G0519  | Management of new patient-caregiver dyad with dementia, low complexity, for use in CMMI Model                    | <b>Tier 1</b>  | No                        |
| G0520  | Management of new patient-caregiver dyad with dementia, moderate complexity, for use in CMMI Model               | <b>Tier 2</b>  | Yes                       |
| G0521  | Management of new patient-caregiver dyad with dementia, high complexity, for use in CMMI Model                   | <b>Tier 3</b>  | Yes                       |
| G0522  | Management of a new patient with dementia, low complexity, for use in CMMI Model                                 | <b>Tier 4</b>  | No                        |
| G0523  | Management of a new patient with dementia, moderate/severe complexity, for use in CMMI Model                     | <b>Tier 5</b>  | No                        |
| G0524  | Management of established patient-caregiver dyad with dementia, low complexity, for use in CMMI Model            | <b>Tier 6</b>  | No                        |
| G0525  | Management of established patient-caregiver dyad with dementia, moderate complexity, for use in CMMI Model       | <b>Tier 7</b>  | Yes                       |
| G0526  | Management of established patient-caregiver dyad with dementia, high complexity, for use in CMMI Model           | <b>Tier 8</b>  | Yes                       |
| G0527  | Management of established patient with cognitive impairment with dementia, low complexity, for use in CMMI Model | <b>Tier 9</b>  | No                        |
| G0528  | Management of established patient with cognitive impairment, moderate/high complexity, for use in CMMI Model     | <b>Tier 10</b> | No                        |

## Appendix B Respite Services G-Codes

|       |   |
|-------|---|
| G0529 | In-home respite care, 4-hour unit, for use in CMMI Model    |
| G0530 | Adult day center, 8-hour unit, for use in CMMI Model        |
| G0531 | Facility-based respite, 24-hour unit, for use in CMMI Model |

## Appendix C: GUIDE Excluded Codes

| Service Type HCPCS Codes   | Service Type HCPCS Codes                |
|--|---|
| Advance care planning  | 99497, 99498                            |
| Welcome to Medicare and Annual Wellness Visits   | G0402, G0438, G0439                     |
| Home Health Care Plan Oversight  | G0181                                   |
| Hospice Care Plan Oversight  | G0182                                   |
| Cognitive Assessment and Planning  | 99483                                   |
| Technology-based check-in services   | G2012, G2252                            |
| Transitional Care Management   | 99495-99496                             |
| Chronic Care Management  | 99487, 99489-99491, 99437, 99439, G0506 |
| Principal Care Management  | 99424–99427                             |
| Administration of patient-focused health risk assessment (HRA)                                 | 96160                                   |
| Administration of caregiver-focused HRA  | 96161                                   |
| Depression screening   | G0444                                   |
| Group Caregiver Behavior Management/Modification Training Services                             | 96202, 96203                            |
| Caregiver Training Services under a Therapy Plan of Care established by a PT, OT, SLP          | 97550, 97551, and 97552                 |
| Community Health Integration Services  | G0019, G0022                            |
| Principal Illness Navigation Services  | G0023, G0024, G0140, and G0146          |
| Administration of a Standardized, Evidence-based Social Determinants of Health Risk Assessment | G0136                                   |

## Appendix D: Dementia Diagnostic Codes

| ICD-10 Dementia Codes | ICD-10 Dementia Code Meaning  |
|-----------------------|---|
| F01.50                | Vascular dementia   |
| F01.511               | Vascular dementia, unspecified severity, with agitation   |
| F01.518               | Vascular dementia, unspecified severity, with other behavioral disturbance  |
| F01.A0                | Vascular dementia, mild, without behavioral disturbance, psychotic disturbance, mood disturbance, and anxiety     |
| F01.A11               | Vascular dementia, mild, with agitation   |
| F01.A18               | Vascular dementia, mild, with other behavioral disturbance  |
| F01.A2                | Vascular dementia, mild, with psychotic disturbance   |
| F01.A3                | Vascular dementia, mild, with mood disturbance  |
| F01.A4                | Vascular dementia, mild, with anxiety   |
| F01.B0                | Vascular dementia, moderate, without behavioral disturbance, psychotic disturbance, mood disturbance, and anxiety |
| F01.B11               | Vascular dementia, moderate, with agitation   |
| F01.B18               | Vascular dementia, moderate, with other behavioral disturbance  |
| F01.B2                | Vascular dementia, moderate, with psychotic disturbance   |
| F01.B3                | Vascular dementia, moderate, with mood disturbance  |
| F01.B4                | Vascular dementia, moderate, with anxiety   |
| F01.C0                | Vascular dementia, severe, without behavioral disturbance, psychotic disturbance, mood disturbance, and anxiety   |
| F01.C11               | Vascular dementia, severe, with agitation   |
| F01.C18               | Vascular dementia, severe, with other behavioral disturbance  |
| F01.C2                | Vascular dementia, severe, with psychotic disturbance   |
| F01.C3                | Vascular dementia, severe, with mood disturbance  |
| ICD-10 Dementia Codes | ICD-10 Dementia Code Meaning  |
| F01.C4                | Vascular dementia, severe, with anxiety   |
| F02.80                | Dementia in other diseases classified elsewhere   |
| F02.811               | Dementia in other diseases classified elsewhere, unspecified severity, with agitation                             |
| F02.818               | Dementia in other diseases classified elsewhere, unspecified severity, with other behavioral disturbance          |

|                              |   |
|------------------------------|---|
| F02.A0                       | Dementia in other diseases classified elsewhere, mild, without behavioral disturbance, psychotic disturbance, mood disturbance, and anxiety     |
| F02.A11                      | Dementia in other diseases classified elsewhere, mild, with agitation   |
| F02.A18                      | Dementia in other diseases classified elsewhere, mild, with other behavioral disturbance  |
| F02.A2                       | Dementia in other diseases classified elsewhere, mild, with psychotic disturbance   |
| F02.A3                       | Dementia in other diseases classified elsewhere, mild, with mood disturbance  |
| F02.A4                       | Dementia in other diseases classified elsewhere, mild, with anxiety   |
| F02.B0                       | Dementia in other diseases classified elsewhere, moderate, without behavioral disturbance, psychotic disturbance, mood disturbance, and anxiety |
| F02.B11                      | Dementia in other diseases classified elsewhere, moderate, with agitation   |
| F02.B18                      | Dementia in other diseases classified elsewhere, moderate, with other behavioral disturbance  |
| F02.B2                       | Dementia in other diseases classified elsewhere, moderate, with psychotic disturbance   |
| F02.B3                       | Dementia in other diseases classified elsewhere, moderate, with mood disturbance  |
| F02.B4                       | Dementia in other diseases classified elsewhere, moderate, with anxiety   |
| <b>ICD-10 Dementia Codes</b> | <b>ICD-10 Dementia Code Meaning</b>   |
| F02.C0                       | Dementia in other diseases classified elsewhere, severe, without behavioral disturbance, psychotic disturbance, mood disturbance, and anxiety   |
| F02.C11                      | Dementia in other diseases classified elsewhere, severe, with agitation   |
| F02.C18                      | Dementia in other diseases classified elsewhere, severe, with other behavioral disturbance  |
| F02.C2                       | Dementia in other diseases classified elsewhere, severe, with psychotic disturbance   |
| F02.C3                       | Dementia in other diseases classified elsewhere, severe, with mood disturbance  |
| F02.C4                       | Dementia in other diseases classified elsewhere, severe, with anxiety   |
| F03.90                       | Dementia (degenerative (primary)) (old age) (persisting)  |
| F03.911                      | Unspecified dementia, unspecified severity, with agitation  |
| F03.918                      | Unspecified dementia, unspecified severity, with other behavioral disturbance   |
| F03.A0                       | Unspecified dementia, mild, without behavioral disturbance, psychotic disturbance, mood disturbance, and anxiety                                |
| F03.A11                      | Unspecified dementia, mild, with agitation  |
| F03.A18                      | Unspecified dementia, mild, with other behavioral disturbance   |

|                              |  |
|------------------------------|--|
| F03.A2                       | Unspecified dementia, mild, with psychotic disturbance   |
| F03.A3                       | Unspecified dementia, mild, with mood disturbance  |
| F03.A4                       | Unspecified dementia, mild, with anxiety   |
| F03.B0                       | Unspecified dementia, moderate, without behavioral disturbance, psychotic disturbance, mood disturbance, and anxiety |
| F03.B11                      | Unspecified dementia, moderate, with agitation   |
| F03.B18                      | Unspecified dementia, moderate, with other behavioral disturbance  |
| F03.B2                       | Unspecified dementia, moderate, with psychotic disturbance   |
| F03.B3                       | Unspecified dementia, moderate, with mood disturbance  |
| <b>ICD-10 Dementia Codes</b> | <b>ICD-10 Dementia Code Meaning</b>  |
| F03.B4                       | Unspecified dementia, moderate, with anxiety   |
| F03.C0                       | Unspecified dementia, severe, without behavioral disturbance, psychotic disturbance, mood disturbance, and anxiety   |
| F03.C11                      | Unspecified dementia, severe, with agitation   |
| F03.C18                      | Unspecified dementia, severe, with other behavioral disturbance  |
| F03.C2                       | Unspecified dementia, severe, with psychotic disturbance   |
| F03.C3                       | Unspecified dementia, severe, with mood disturbance  |
| F03.C4                       | Unspecified dementia, severe, with anxiety   |
| F10.27                       | Alcohol dependence with alcohol-induced persisting dementia  |
| F10.97                       | Alcohol use, unspecified with alcohol-induced persisting dementia  |
| F13.27                       | Sedative, hypnotic or anxiolytic dependence with sedative, hypnotic or anxiolytic-induced persisting dementia        |
| F13.97                       | Sedative, hypnotic or anxiolytic use, unspecified with sedative, hypnotic or anxiolytic-induced persisting dementia  |
| F18.97                       | Inhalant use, unspecified with inhalant-induced persisting dementia  |
| F19.17                       | Other psychoactive substance abuse with psychoactive substance-induced persisting dementia                           |
| F19.27                       | Other psychoactive substance dependence with psychoactive substance-induced persisting dementia                      |
| F19.97                       | Other psychoactive substance use, unspecified with psychoactive substance-induced persisting dementia                |
| G30.0                        | Alzheimer's disease  |
| G30.1                        | Alzheimer's disease with late onset  |
| G30.8                        | Other Alzheimer's disease  |
| G30.9                        | Alzheimer's disease, unspecified   |

|                              |  |
|------------------------------|--|
| G31.01                       | Pick's disease   |
| G31.09                       | Other front temporal dementia                          |
| <b>ICD-10 Dementia Codes</b> | <b>ICD-10 Dementia Code Meaning</b>                    |
| G31.1                        | Senile degeneration of brain, not elsewhere classified |
| G31.2                        | Degeneration of nervous system due to alcohol          |
| G31.83                       | Neurocognitive disorder with Lewy bodies               |

## Appendix E: GUIDE Model file layout for the Geographic Adjustment Factor (GAF)

| FIELD # | ITEM                              | LOCATION | LENGTH & PIC  |
|---------|-----------------------------------|----------|---------------|
| 1       | A/B MAC Contractor ID #           | 1-5      | 5 Pic x(5)    |
| 2       | Locality                          | 6-7      | 2 Pic x(2)    |
| 3       | HCPCS Code                        | 8-12     | 5 Pic x(5)    |
| 4       | Modifier                          | 13-14    | 2 Pic x(2)    |
| 5       | Geographically Adjusted Fee       | 15-23    | 9 Pic 9(7)v99 |
| 6       | Payment Effective Date (CCYYMMDD) | 24-31    | 8 Pic x(8)    |
| 7       | Filler                            | 32-51    | 20 Pic x(20)  |
